

# Pienaar Bros Training Academy

Training Brochure 2019

## About us

As a company, Pienaar Bros has been trading for more than 50 years and is today one of the largest distributors of personal protective equipment in Southern Africa. We have numerous branches and on-site stores strategically positioned to offer a broad range of products and services across South Africa, Botswana and Mozambique.

As Pienaar Bro's is in the space of selling Health & Safety Products, it makes sense to offer our clients a one stop solution when it comes to Health & Safety. Pienaar Bro's has partnered up with Integrated Health & Safety Solutions Pty Ltd (IHSS) and developed an OHS Training Academy that will allow our clients to, not only receive the best products but now, but training as well. Training is not only mandatory but it's the corner stone of each business, which ensures that risk and liability are minimized.

## Objectives

- To become a One stop OHS solution for our clients
- To educate and create awareness around Health & Safety
- Minimize risk and liability for our clients by way of awareness and education
- To eliminate risk and injuries to our clients through training
- Protect South Africa's workforce

**HWSETA Accredited Training**

**HWSETA Accredited Training**  
**Accreditation no. HW592PAA0000083**

Course Title	Unit Std	NQF Level	Credits
Conduct a continuous risk assessment in a workplace	120330	03	4
Conduct an investigation into workplace incidents	120335	03	5
Conduct, report and follow up on a pre-use, safety and/or audit	120333	03	5
Demonstrate knowledge pertaining to fires in working places	120331	03	3
Monitor, report and advise on the application of safety and health principles regarding electricity in a work place.	120332	03	3
Monitor, report and advise on the application of safety and health principles regarding the movement of people and materials in and around a working place	120325	03	7
Monitor, report and make recommendations pertaining to specified requirements in terms of working at heights	120362	03	4
Provide risk based primary emergency care/first aid as an advanced first responder in the workplace	120336	03	6
Respond to, implement and manage emergencies according to an emergency action plan in a workplace	120329	03	2
Demonstrate knowledge and understanding of relevant current occupational health and safety legislation	120344	04	4
Monitor, report and make recommendations on the requirements applicable to permit to work systems in a working environment	120359	04	4
Apply health and safety to a work area	9964	02	3
Conduct an investigation into workplace safety, health and environmental incidents	259617	02	3
Describe the functions of the workplace health and safety representative	259622	02	3
Explain emergency preparedness and response procedures	259597	02	3
Participate in the establishment, implementation and monitoring of a health and safety agreement	259599	02	2
Participate in the implementation and evaluation of a safety and health management programme in the workplace	259601	02	2
Provide risk-based primary emergency care/first aid in the workplace	120496	02	5
Verify compliance to safety, health and environmental requirements in the workplace	259604	02	4
Demonstrate understanding of the implementation of occupational health, safety and environmental legislation in the work place	120366	04	9
Monitor and make recommendations on the application of health and safety principles regarding hazardous substances in the working place	120370	04	3

**TETA Accredited Training**  
**Accreditation no. TETA09-181**

Course Title	Unit Std	NQF Level	Credits
Inspect and lubricate an automotive system	119750	02	8
Load general freight	123262	02	6
Meet the requirements in order to obtain a provisional licence	243665	02	15
Operate a rigid light vehicle	123257	02	10
Operate a truck mounted loader crane	116253	02	20
Perform basic firefighting	12484	02	4
Select and use vehicle lifting equipment	15123	02	3
Apply advanced techniques for operating four-wheel drive (4WD)	254154	0	8
Carry out basic first aid treatment in the workplace	116534	03	5
Convey abnormal freight	10977	03	8
Convey dangerous goods by road	123259	03	4
Operate tailgates and tail-lifts	123260	03	2
Operating cranes	8039	03	10
Operating lift trucks (Fork lifts)	8038	03	6
Provide commuter services	123256	03	8
Provide first aid as an advanced first responder	376480	03	8
Operate a rigid heavy vehicle	123253	04	15
Operate a vehicle combination	123254	04	20

**CETA Accredited Training**  
**Accreditation no. 5R55056**

Course Title	Unit Std	NQF Level	Credits
Apply health and safety to a work area	9964	02	3
Apply productivity principles on a construction site	14556	02	6
Apply quality principles on a construction site	9986	02	12
Demonstrate an understanding and implement environmental	114219	02	4
Establish and prepare a work area	9966	02	4
Maintain records on a construction site	14336	02	2
Batch and mix concrete by volume	12916	01	5
Build masonry superstructures using hollow units	119069	01	12
Build masonry superstructures using solid units	119073	01	12
Erect and dismantle prefabricated aluminium alloy scaffolding	243275	01	4
Frame and implement an individual action plan to improve productivity within an organisational unit	14445	01	3
Identify and use protective clothing and equipment in general construction	13973	01	4
Identify, describe and utilise materials in construction	119056	01	4
Install and maintain basic plumbing components	119064	01	12
Practice environmental awareness	12512	01	4
Transport personnel, material and equipment using Light Delivery Vehicle	10567	01	4
Use and maintain Hand tools on a Construction Site	12877	01	4
Use and maintain Power Hand Tools on a construction Site	12878	01	5
Use and maintain small plant and equipment on a construction site	119076	01	4
Apply on-site corrosion protection of pipes	119046	02	4
Apply plaster and screeds to surfaces	119065	02	11
Assemble, tie and fix reinforcing cages	116573	02	3
Build masonry superstructures using solid and hollow units	14884	02	12
Build masonry superstructures using solid units	119067	02	12
Conduct routine site tests to fresh and hardened concrete	14557	02	6
Demonstrate and apply knowledge of pipes, associated fittings and valves	119049	02	5
Demonstrate mechanical awareness and plant appreciation	116152	02	5
Erect and dismantle scaffolding	119074	02	4
Erect and dismantle scaffolding	9672	0	5

Erect and strip steel formwork for straight walls, columns and bases	119041	02	8
Erect ceilings and timber frame partitions	119050	02	18
Erect, alter/reposition and dismantle access scaffolding	119042	02	13
Fabricate, erect and strip timber formwork for straight walls, columns and bases Level	119045	02	8
Identify describe and use materials in civil engineering construction	13972	02	4
Install and maintain a below ground drainage system	119059	02	10
Install and maintain a water supply system	119062	02	10
Install carpentry finishing components	119066	02	15
Install control valves	119077	02	3
Install manholes and chambers on a civil construction site	15182	02	5
Install precast concrete pipes	12903	02	5
Install pressure pipes	119079	02	5
Lead and supervise construction teams	119080	02	8
Monitor and control cost and production of a construction work activity and implement productivity improvements	119063	02	10
Operate a tractor	116177	02	6
Operate in a team	8420	02	4
Prepare, manufacture and erect roof trusses	119071	02	15
Prepare, prime and paint new and previously coated surfaces	119072	02	18
Read and interpret reinforcing materials documentation	116578	02	3
Render basic first aid	9965	02	3
Select, use and care for power tools	10255	02	5
