

PIENAAR BROS NORTH

COMPANY PROFILE

As a company, Pienaar Bros North has been trading for more than 50 years and is today one of the largest distributors of personal protective equipment in Southern Africa. We have numerous branches and on-site stores strategically positioned to offer a broad range of products and services across South Africa, Botswana and Mozambique.

We strive for excellence in service, quality and price. By using our buying power and relationships with suppliers (local and international), we are able to negotiate the best quality and prices on personal protection equipment. With stock in excess of R120 million, and a staff complement of over 650 experienced, trained and motivated people, we can support the varied requirements of our approximately 3 000 account customers reliably and expeditiously.

Our business is aimed at providing as broad a range as possible of personal protective equipment and supplementary products to our customers by providing a range of PPE product that suits the pocket of our customers. This includes branded and affordable ranges.

LOCAL MANUFACTURING

As a local company with deep roots in South Africa, and a belief that there is a positive future, our management has committed to manufacturing of some key PPE products locally. This commitment is a re-affirmation of the country and it's people, and our ability to produce technical products, as well as provide much sought after employment. Our team of experienced management and dedicated staff manufacture a variety of injection moulded products that include SABS approved hard and caps, welding helmets, face shields and glove clips, at our premises in Johannesburg. We are confident that the quality of the products are world class, which is confirmed by the support of these goods by many leading companies who continue to use and trust these products for their protection.

BRANCH NETWORK

Our Branch network is strategically positioned in areas where we believe we can support our customers. This allows us to provide products and services to customers who have a diverse geographical footprint.

SUPPLY PARTNERS

Our supply partners form an integral part of our success and provide critical additional value (such as training and technical support) to our customers. These relationships have become deeper over time, and we collaborate as much as possible to find products that are functional providing answers to real workplace problems.

Safety Workwear Manufacturers

MB Workwear is owned and managed by Pienaar Bros North. For over 60 years we have been dedicated to manufacturing quality protective clothing which enables workers to perform their jobs safely and efficiently.

We produce a wide variety of safety workwear to service a number of industries, focussing primarily on the mining, foundry, steel, OGP (oil, gas and petroleum), chemical and utilities industries. Our meticulous manufacturing process, experience, safety-centric attitude and our commitment to quality has helped us establish long lasting relationships in a number of industry communities throughout the United Kingdom, Canada and Africa.

Our dedicated approach to the consistent innovation of garment solutions has also allowed us to develop a number of specialised garments such as the original flame retardant workwear range, Zeroflame®, Nomex® and our new Protal® Electric Arc protective range. We also manufacture the Vinex® and Alumax ranges, a collection of aluminium splash proof garments which are used by

the world's largest mining company, BHP Billiton. The quality of our garments has been recognised throughout the world through various accreditations. We are an ISO 9001 certified company with SABs approved status. In addition, our garments meet Canadian and European safety standards and any new advancement is comprehensively tested before release.

Committed to safety and innovation, we strive to develop garments which satisfy the needs of individuals who work in dangerous environments and are constantly pushing the boundaries to provide superior safetywear solutions for all industries.
